% Households with No Vehicle

Why not?

What could
help increase
satisfaction?

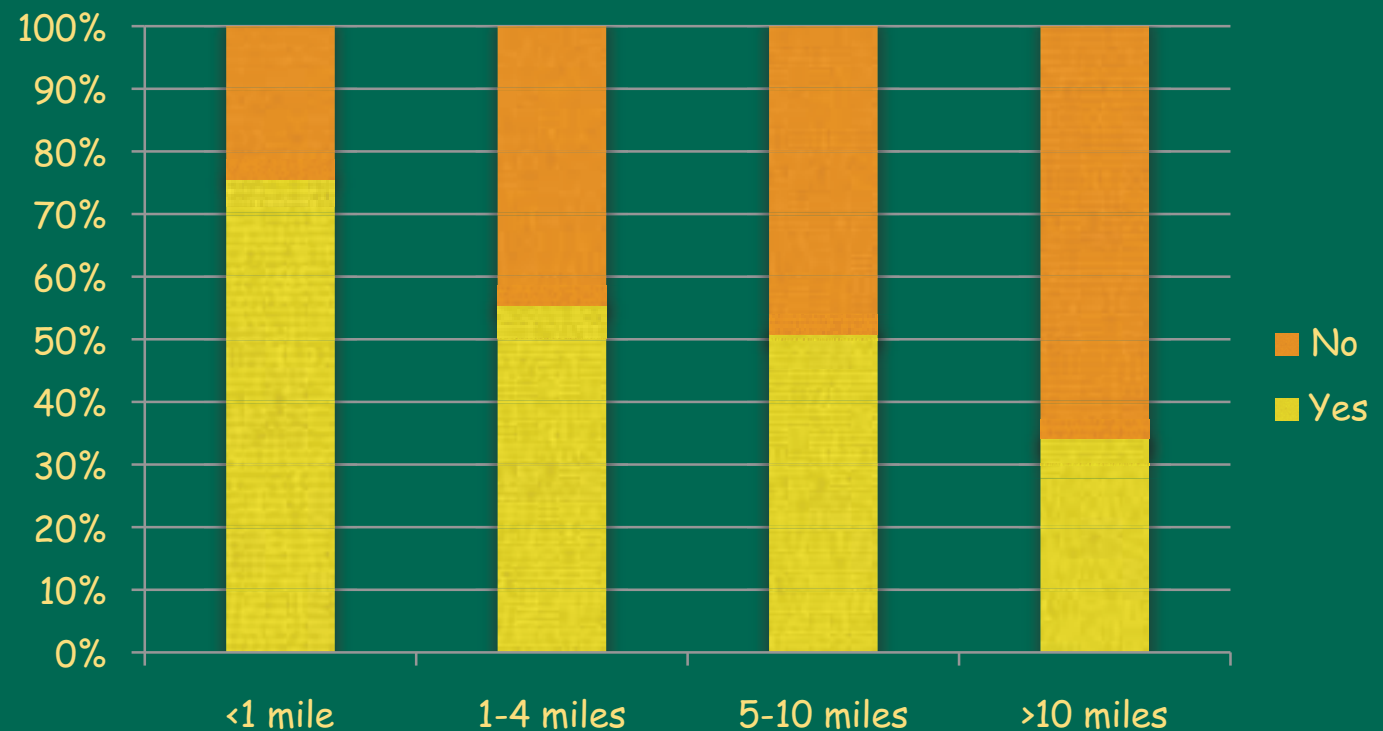

Are you satisfied with the availability of fresh food?

(as related to how far people travel to stores)

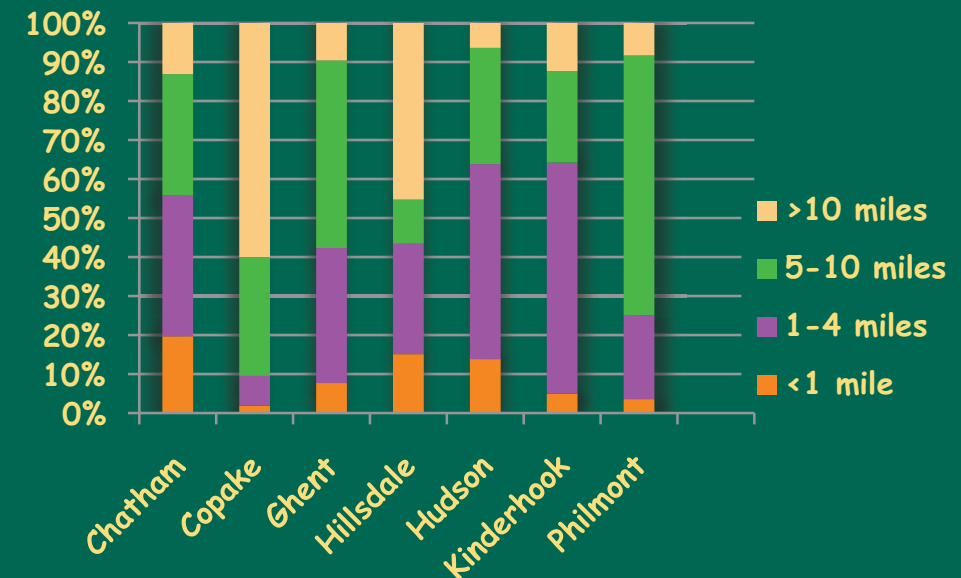

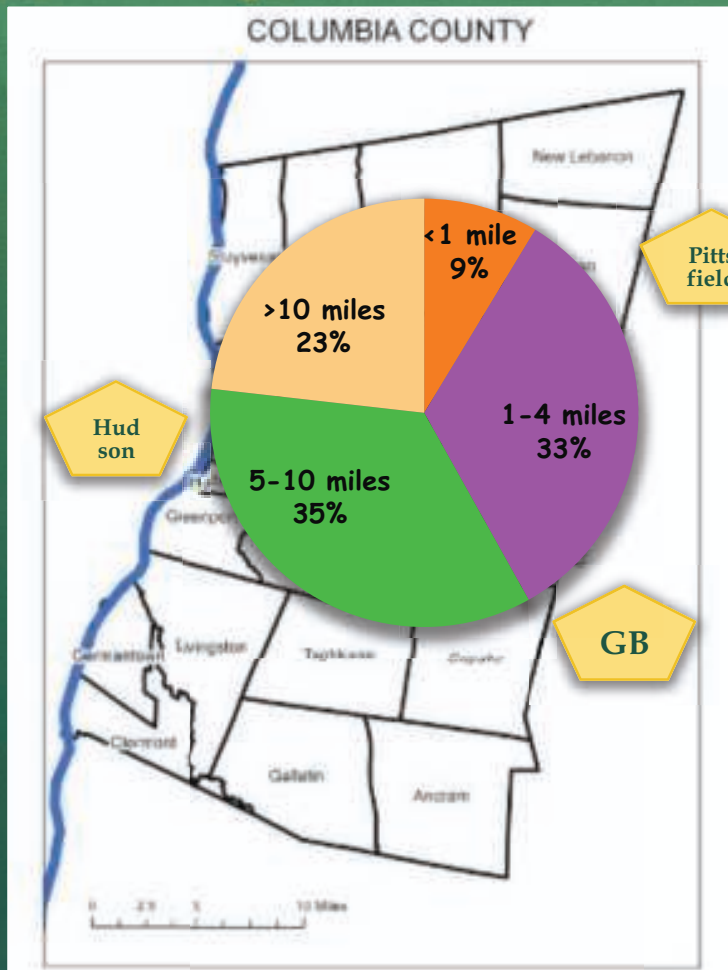

Relationship b/w satisfaction with food availability and distance to stores

How far from home do you travel to the store where you usually buy your food?

Are people unsatisfied with quality? Distance?

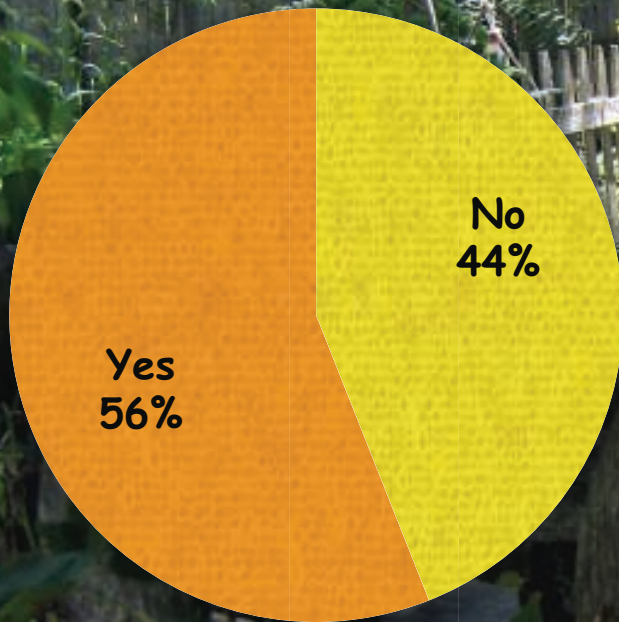

What is a reasonable distance to travel? For what types of items?

What kind of food are people able to access less than 1 mile from their house?

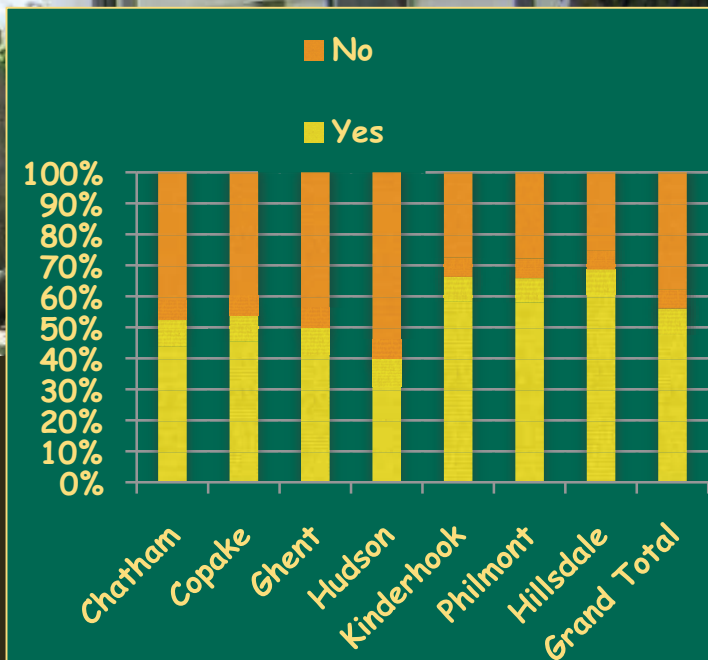

Vegetable gardening in the community

Do you have a vegetable garden or plot?

How important are
gardens in
producing food?

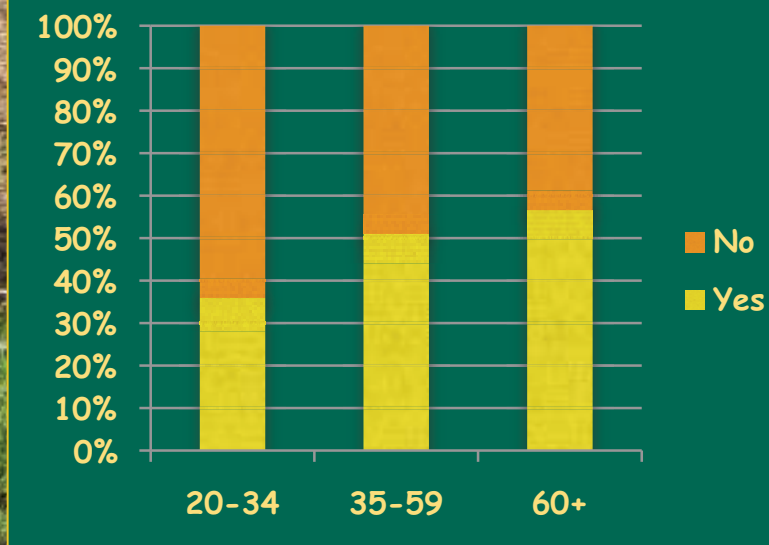

Has the economic
recession led to
more gardens?

How does age affect whether or not people have a garden?

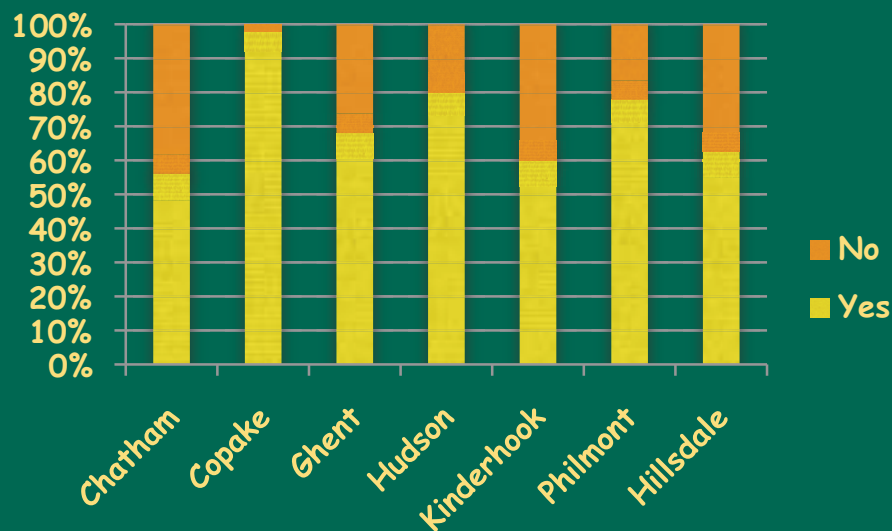

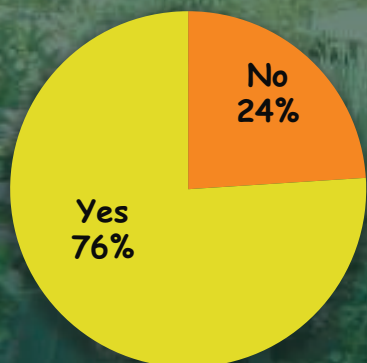

Do you have a garden?

Garden Accessibility

If no, would you like to have a garden?

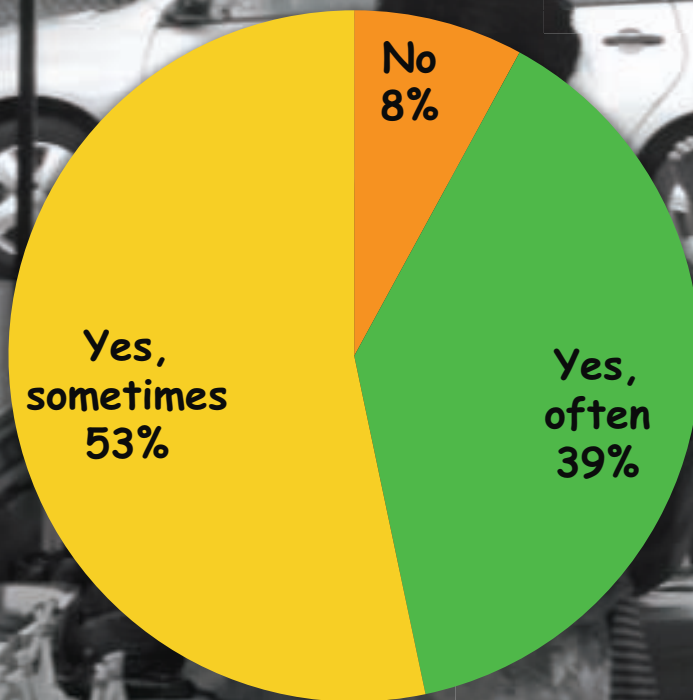

47% of people who rent have a garden
59% of people who own have a garden
